## PART VI

## Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules

### GOVERNMENT OF INDIA.

**Legislative Assembly Department.**

The following Bill* was introduced in the Legislative Assembly on the 1st April, 1935 :—

L. A. BILL No. 23 OF 1935.

*A Bill further to amend the Indian Tea Cess Act, 1903, for a certain purpose.*

WHEREAS it is expedient further to amend the Indian Tea Cess Act, 1903, for the purpose hereinafter appearing; It is hereby enacted as follows :— IX of 1903.

Short title. **1.** This Act may be called the Indian Tea Cess (Amendment) Act, 1935.

Amendment of section 3, Act IX of 1903. **2.** In section 3 of the Indian Tea Cess Act, 1903, for the words "eight annas" the words "twelve annas" shall be substituted. IX of 1903.

* The Governor General has been pleased to accord the sanction required by section 67 (2) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to raise the maximum rate of the cess levied on exports of tea from India by sea from annas eight per hundred pounds to annas twelve per hundred pounds, in order to finance intensive propaganda work in Indian markets as a complementary measure to the scheme of export restriction now in operation. The proposal carries with it the support of the tea growing industry in India and all Local Governments and Indian States concerned in the production of tea and a very large majority of the commercial bodies who have been specifically consulted on the proposal have expressed themselves in its favour.

## Medical College, Calcutta, 1935.

### Rules for the guidance of students seeking admission into the Medical College, Calcutta.

1. Two classes of students are admitted to the college:—

(1) *Civil pupils' class.*—Admission to this class is restricted to students, male or female, who were born within or whose parents are domiciled within the territorial jurisdiction of the Calcutta University. Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M. B. examination of the Calcutta University are admitted to this class.

(2) *Military pupils' class.*—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director-General, Indian Medical Service).

NOTE.—Casual students are not admitted. No students are admitted other than those in one or other of the above classes.

2. The minimum preliminary qualification for admission is the First Class Pass certificate of the I. Sc. examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examination in the second division may be admitted, provided they are otherwise considered suitable, to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (*a*) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside. For special reasons to be recorded in writing, the Principal may allow any female student to reside outside this Hostel.

(*b*) Female students studying in the college but belonging to provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

4. The session commences with the summer term which begins on the 15th June and ends on the day before the commencement of the Durga Puja holidays. The winter term commences on the day after close of the Durga Puja holidays and ends on the 31st March.

5. All applications direct from new students in Bengal for admission to the college should be accompanied by a fee of Rs. 4 which will not be refunded.

All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form, available in his office before the 25th May except in the following cases:—

(*b*) The candidates from Indian States will be nominated by the States themselves.

(*c*) Students from the Dacca University area will be selected as follows:—

(*i*) Three students will be selected by the Dacca University, and
(*ii*) Three students by the Chairman of the Dacca Intermediate and Secondary Education Board.

6. The number of civil students to be admitted each year is 105. Vacancies are allotted as follows:—

| Dacca ... ... ... ... | 6 |
| Surgeon-General's nominees ... ... | 3 |
| Women ... ... ... | 5 |
| Muhammadan ... ... ... | 21 |
| Others ... ... ... ... | 62 |

Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Selection Committee appointed by Government.

(*a*) Besides the students nominated by the Indian States under rule 5 (*b*), one student will be nominated by the Inspector-General of Civil Hospitals, Central Provinces, six students (including one female student) by the Inspector-General, Civil Hospitals, Assam, and six by the authorities mentioned in rule 5 (*c*).

These students must possess the qualifications mentioned in rule 2 and the nomination must reach the Principal, Medical College, Calcutta, before the 10th June each year, failing which the vacancies will be filled up with local candidates. Vacancies arising by resignation or otherwise in places filled by reservation for the authorities in paragraph (*a*) cannot be filled again by those authorities during the year.

(*b*) Three seats shall be reserved annually for nomination by the Surgeon-General, provided the candidates fulfil the necessary educational and physical qualifications. These nominations shall ordinarily be made after the Selection Committee have made their choice under clause (*c*).

(*c*) The remaining vacancies shall be filled up by the Selection Committee specially appointed by Government from year to year. This Selection Committee will be the authority to select candidates belonging to Bengal.

shall be held to be disqualified for admission into the Medical College.

7. Of the total number of candidates nominated by the Selection Committee at least one-fourth should be Muhammadans, if a suitable number of qualified candidates belonging to that community can be obtained.

8. Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the rolls:—

The names of students whose fees are more than 30 days overdue will be removed from the rolls of the college.

13. A student kept back in, or referred back to the class in which he was previously studying on account of his failure to appear at or pass any examination prescribed for promotion to the next higher class, will pay Rs. 50 each term until he passes the examination in question, after which he will pay fees on the full scale laid down in rule 11.

14. The fee for certificates issued to civil students leaving the college before completing their study shall be Rs. 40 for each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

[In calculating the sum to be paid under this rule the amount of college fees paid by the student (or in the case of a student enjoying a stipendiary scholarship and free tuition the amount of which would have been paid by him had he been a paying student) shall be deducted.]

15. Students who fail to appear at or to pass the Final M. B. Examination shall immediately on readmission after failure, pay fees each term at the rate of Rs. 25 for each of the subjects in which they are to appear at the subsequent examination.

The 11th May 1935.

No. 9161G.—The following rules having been framed by the High Court of Judicature at Fort William in Bengal in exercise of the power vested in it by section 20 of the Court-fees Act, 1870, and confirmed by the Governments of Bengal and Assam are published for general information.

These rules supersede those published with the Court's notification No. 10450G., dated the 28th May 1934:—

**Rules.**

I. *Cancel* Rule 7, Chapter V, General Rules and Circular Orders, Civil, Volume I, with notes thereunder, and *substitute* therefor the following:—

(1) In the localities only where and for the periods during which travelling except by boat is in the opinion of the District Judge impracticable, the fees chargeable for the service of processes shall be increased by such percentage not exceeding 25 per cent. as may be necessary to cover the additional cost of boat-hire or ferry-toll for journey in watery areas. The percentage of surcharge over the fees ordinarily leviable should be reduced when the realisation of the higher amount is found to exceed the additional cost incurred.

*Note 1.*—If it is found that the total annual realisation of boat-hire exceeds the amount necessary to meet the costs of boat-hire in the course of the year, the discretion given him by this rule should be exercised by the District Judge by reducing the percentage of surcharge in such a way as to make the total annual realisation on account of boat-hire equal as early as possible to actual expenditure for that purpose. The percentage may be fixed at different rates for different areas according to local conditions and cost of boat-hire.

Boat-hire fees shall be entered in column 7 of Form No. (M) 60, Volume II, for the purpose of ascertaining whether the total annual realisation of boat-hire in court-fees covers the annual expenditure on account of boat-hire. (Rule No. 7 of 1921.)

*Note 2.*—The process-servers' boat-hire passed under this rule should alone be included under the head of "Process-serving charges" under "Special contingencies" (*vide* Resolution of the Financial Department of the Government of Bengal, dated the 4th August, 1890).

(2) The Judge in charge of the Nazarat at every station shall, in consultation with the presiding Judges of other courts, prepare a list of areas, localities or villages within the jurisdiction of the Nazarat where and for the periods of the year during which travelling except by boat is impracticable. Areas, localities or villages to which journey may be made without the necessity of boat shall be excluded from the list. A copy of the list when approved by the District Judge shall be sent by the Judge in charge to each court at the station and the Secretary of the local Bar Association in sufficient time before the advent of the period from which the surcharge is to be levied. The list should be altered or modified from time to time when the state of the country renders it necessary and all changes should be notified in the above manner.

(3) The fees leviable from the parties on account of boat-hire should be realised in court-fee stamps affixed on a separate sheet of paper containing the number, etc., of the case in which the fees are filed and the name, description and residence of the persons on whom the processes are to be served.

II. In line 1 of Rule 8 (a) ibid, *for* the words "In such districts or parts of districts as are" *substitute* the words "In the localities which are".

By order of the High Court,

E. S. SIMPSON, *Registrar.*

RESOLUTION.

No. 16.—The Governor-General in Council hereby makes the following rules for the examination for Cadetships and Engineer Apprenticeships in the Royal Indian Navy to be held in October, 1935:—

RULES.

1. (*i*) A candidate who desires to be examined in India shall apply to be admitted to the examination before such date and in such form as the Public Service Commission may prescribe. The application shall be made through the Collector or Deputy Commissioner of the district in which his parents reside at the time of the application, or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at an educational institution only, for a like period.

(*ii*) In the case of Calcutta, applications shall be submitted through the Commissioner of Police.

(*iii*) Cadets of the Prince of Wales's Royal Indian Military College, Dehra Dun, shall submit their applications through the Principal of the College.

(*iv*) A candidate resident in an Indian State shall submit his application through the Durbar.

(*v*) No candidate shall make more than one application in respect of this examination.

(*vi*) A candidate shall, except in very exceptional circumstances, appear personally before the District Officer or the Political Officer or Agent who signs the attestation form.

2. A candidate must be an unmarried man and either—

(*a*) a British subject of Indian domicile whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service; or

(*b*) a Ruler or a subject of a State in India.

Provided that in the case of a British subject the requirements of this rule may be waived by the Secretary of State in Council if he is satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions as to justify special treatment.

Provided also that a Ruler or a subject of a State in India cannot be appointed unless he has obtained the declaration required under section 96-A of the Government of India Act.

3. A candidate must furnish a declaration from his father or guardian, in the form prescribed, that the latter is in a position, and will be prepared to discharge the financial

obligations attaching to the candidate's training for appointment to the Royal Indian Navy. The parents or guardians of candidates selected for the engineer branch of the Royal Indian Navy will, in addition, be required to covenant with the Secretary of State for India in Council that in the event of failure to comply with certain contingencies set forth in an agreement relating to the completion of the course of training in England and thereafter the acceptance of a commission, in the Royal Indian Navy and the period he is required to hold such a commission, he will pay the full cost which the Government of India shall have expended on the training of the candidate in England. Should it be found that the declaration in regard to discharge of financial obligations during the period of training is false in any respect, the candidate will be liable to immediate removal.

4. The maximum number of candidates to be admitted to the examination may, in the discretion of the Governor-General in Council, be limited to such number as the Governor-General in Council may decide. If a limit is imposed and the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for employment as commissioned officers in the Royal Indian Navy.

5. A candidate for this examination must attain the age of 17, and must not attain the age of 19, on the first day of May 1935.

6. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a commissioned officer in the Royal Indian Navy. A candidate who, after examination by a Medical Board, is found not to satisfy these requirements will not be accepted for admission to the Service.*

*Only successful candidates will be medically examined. Candidates are recommended to consult a Civil Surgeon as to their physical suitability before entering for the examination.

7. A candidate must satisfy the Public Service Commission that he is suitable in all respects for employment as a commissioned officer in the Royal Indian Navy.

8. The decision of the Public Service Commission as to the eligibility or otherwise of a candidate shall be final.

9. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Public Service Commission.

10. No recommendations except those invited in the form of application will be taken into consideration. Any attempt on the part of a candidate to obtain support for his application by other means may disqualify him for admission.

11. Candidates must pay the following fees:—

(*i*) Rs. 7-8 with the application form,

(*ii*) if accepted for admission to the examination, Rs. 50 immediately after the receipt of the certificate of admission.

No claim for a refund of these fees will be entertained.

## STATEMENT OF OBJECTS AND REASONS.

1. The main objects of the Bill are—

(1) To replace the existing military Executive Officers by a less expensive service of civilian Executive Officers who will be paid out of cantonment funds. [Clauses 7 and 72(*a*).]

(2) To enable the Government to assume the direct management of Government land in cantonments wherever necessary, and to employ their own officers as Military Estates Officers for this purpose. [Clauses 2(*d*), 22 and 56.] The present arrangements, under which Cantonment Authorities exercise dual functions both as the municipal authority for the occupation and use of land and also as the custodians of Government rights in land, have led to considerable difficulties in practice.

The change is not intended to deprive Cantonment Authorities of the income which they derive at present from Government lands placed under their management, although different methods of allocating that income will have to be employed. It is also not intended to disturb the existing arrangements regarding the management of lands in bazar areas. These will remain under the control of Cantonment Authorities as agents of the Government of India.

(3) To provide for better building regulations on the lines of those in force in municipalities, in order, in particular, to be able to prevent over-building in residential areas, which is tending to render cantonments unsuitable for the primary object of their existence. (Clauses 53—61.)

(4) To make it legal, which is not the case at present, for the military authorities, in those cantonments in which the water-supply is provided by the M. E. S., to make bulk supplies at agreed rates to the Cantonment Authority for distribution to those sections of the cantonment population which are not entitled to a free supply of water at the expense of the State ; and to enable Cantonment Authorities to recover the cost of the water so supplied from individual consumers. [Clauses 2(*b*) and 65-67.]

At present in cantonments of the kind referred to, the M. E. S supply the water direct to consumers, but have no power to recover the cost themselves. This function is left to the Cantonment Authority, which is not primarily interested from the financial point of view; with the result that large sums amounting to about Rs. 5 lakhs a year are at present being lost to the State.

2. The opportunity has been taken at the same time—

(*a*) to make a number of changes, which will be necessary under the new constitution, in the direction of resuming and allocating to the Central Government duties and functions which are at present exercised by Local Governments [Clauses 3, 4, 5, 8(*b*), 8(*c*), 9(*b*), 10, 11, 12, 13(*a*), 13(*b*), 14, 15(*a*) (*i*), 15(*b*) (*ii*), 15(*c*), 16(*b*) (*ii*), 17, 23, 24, 27, 29, 30, 31, 32, 34, 42, 44, 45, 47, 52, 63, 73 and 75.]

NOTE.—These clauses need not necessarily take effect at the same time as other clauses of the Bill.

(*b*) to make certain amendments on points of detail, which have either been (1) recommended at a conference with representatives of the All-India Cantonments Association [Clauses 2(*c*), 2(*f*), 6, 9(*a*), 15(*a*) (*ii*) and (*iii*), 15(*b*) (*i*), 15(*b*) (*iii*), 16 (*a*), 16(*b*) (*i*), 18(*b*), 22, 35, 39, 40, 41(*a*), 46, 48, 64(*a*) and (*c*), 69, 71 and 74] ; or

(2) have been found desirable as a result of experience in the working of the present Act [Clauses 2(*a*), 2(*e*), 2(*g*), 2(*h*), 2(*i*), 2(*j*), 8(*a*), 13(*c*), 18(*a*), 18(*b*), 19, 20, 21, 25, 26, 28, 33, 36, 37, 38, 41(*b*), 43, 49, 50. 51, 62, 64(*b*), 68, 70 and 76.]

3. Notes on individual clauses which require further explanation are appended.

G. R. F. TOTTENHAM.

NEW DELHI ;

*The 4th February, 1935.*

NOTES OF CLAUSES.

*Clause 2(a).*—The present definition of "building" does not include walls, with the result that Cantonment Authorities have found themselves unable to order the removal of walls other than compound walls which are built without permission.

*Clause 2(b).*—Necessitated by clause 67.

*Clause 2(c).*—The omission is explained by clause 39.

*Clause 2(d).*—See paragraph 1 (2) of the Statement of Objects and Reasons and also clauses 22 and 56.

*Clause 2(f).*—Difficulties have arisen regarding the interpretation of "residence" for the purpose of securing a voting qualification under section 27(1)(c). The definition proposed follows generally the recommendation of the All-India Cantonments Association and section 3(25) of the Madras District Municipalities Act, 1920.

*Clause 2(g).*—The inclusion of "open spaces" in the existing definition of "streets" has been found to be unduly wide and might cover all sorts of areas which for municipal purposes should not be classified as streets.

*Clause 6.*—In view of the circumstances in certain very small cantonments, it is impossible to dispense altogether with the form of administration known as the Corporation Sole; but this clause has been inserted in deference to the popular wish that, even in such cantonments, representatives of the civil population should have some voice in that part of the administration which directly concerns them.

*Clause 7.*—See paragraph 1 (1) of the Statement of Objects and Reasons. It has been found impracticable to give individual cantonments the power to appoint their own Executive Officers, but the intention is that the service of civilian Executive Officers should be recruited through the Public Service Commission and that in making postings and transfers the interests of individual cantonments should be considered as far as possible.

*Clause 8(a)(i).*—The new principle is here introduced of varying the size of the Cantonment Board in proportion to the number of its civilian inhabitants. At present all elected Boards contain 15 members, a number which is unnecessarily large for the smaller cantonments.

*Clause 8(a)(ii).*—The omission of the words referred to in this clause will render it possible for the Officer Commanding the station in suitable cases to replace official by non-official members at his discretion.

*Clause 9.*—The grant of power to extend the term of office of elected members in exceptional circumstances has been inserted on the recommendation of the All-India Cantonments Association. Practical inconvenience has occasionally been felt in the past owing to the absence of any such provision.

*Clause 13 (c).*—Owing to the exigencies of military service, military members of Cantonment Boards often have to be transferred at short notice, and it is therefore necessary, if the character of the Board is to be maintained, to make special provision for their replacement by a simple and expeditious procedure.

*Clause 15 (a) (ii).*—Section 27 (1) (*b*) as at present drafted gives a vote to certain classes of persons although they may not pay any taxes in the cantonment. In conformity with ordinary municipal practice and in accordance with the recommendation of the All-India Cantonments Association, this possibility is excluded by the amendment proposed.

*Clause 15 (b) (i) and (iii).*—At the wish of the All-India Cantonments Association and in conformity with municipal legislation in certain Provinces, the amendment here proposed to section 27(2) gives the Governor General in Council the power to declare that conviction for certain offences shall not operate as a bar to inclusion in the electoral roll.

*Clause 16.*—The amendments proposed follow the wishes of the All-India Cantonments Association in debarring Government or cantonment fund servants from contesting elected seats.

*Clauses 18, 19 and 20.*—The amendments proposed to section 34 bring the provisions of the Act in regard to the removal of members from Cantonment Boards more into line with similar provisions in various Municipal Acts.

*Clause 21.*—The amendment is designed to ensure that Cantonment appointments are made as far as possible on merits and for no other reason. The draft follows section 74 of the Bengal Municipal Act, 1932.

*Clause 22.*—See paragraph 1 (2) of the Statement of Objects and Reasons.

*Clause 25*—Administration reports are at present submitted in accordance with a general instruction under section 46. The proposed clause has been inserted in order to remove any doubt whether such an order is permissible and follows the wording of section 33 of the Madras District Municipalities Act, 1920.

*Clause 35.*—The amendment is intended to ensure, in conformity with the wishes of the All-India Cantonments Association, that only one elected member of the Board should serve on the Assessment Committee.

*Clause 36.*—There is at present no power to revise assessments when additions or alterations are made to a building which increase its value. The amendment is based on section 147 of the United Provinces Municipalities Act, 1916.

*Clause 38.*—There is no specific provision at present enabling an occupier to apply for the remission or refund of a tax, although in many cases tax notifications provide that the tax shall be paid by the occupier. The amendment is necessary to avoid audit objections when applications for refunds, etc., are received from occupiers.

*Clause 39.*—Section 76 of the Act at present definitely excludes property in hill cantonments from the benifits of the remission or refund of taxes. This is in itself an anomaly. It has been agreed, after consultation with the All-India Cantonments Association, that the same rules should apply in future both to cantonments in the hills and in the plains. The provisions themselves have been revised in accordance with the practice in various Municipal Acts, so as to reduce the period for which a building must remain vacant and unproductive of rent before a remission or refund may be granted.

*Clause 41.*—The amendments are designed to remove certain doubts that have arisen in the past regarding powers to distrain property and follow the provisions of the rules made under section 124 of the Madras District Municipalities Act, 1920.

*Clause 46.*—This amendment has been recommended by the All-India Cantonments Association in order to facilitate a more liberal expenditure from cantonment funds on education in cantonments.

*Clause 48.*—Practical difficulties have been experienced in dealing with dangerous buildings, etc., under section 126 when the ownership of the building is in dispute or is the subject of a law suit. The amendment is designed to remove these difficulties.

*Clauses 49 to 51.*—Make certain self-explanatory additions to the scope of a Cantonment Authority's functions in medical matters.

*Clauses 53 to 61.*—See paragraph 1 (3) of the Statement of Objects and Reasons. The chief objects of these clauses are :—

(1) to prevent the erection of buildings without proper sanction—new section 178A ;

(2) to give Cantonment Authority power to refuse sanction to the erection or re-erection of buildings until satisfied that the applicant has a proper right to build upon the land in question—section 181 (3) and (5) ;

(3) to give the Officer Commanding-in-Chief, the Command, powers of control over building generally within specified limits—section 181(4) ;

(4) to ensure that sanctions when granted are acted upon within a reasonable period —new section 183 A ;

(5) to ensure that building can be stopped when sanction to erection or re-erection has been suspended by superior authority under section 52 (1) (*b*)—new section 185(2) ; and

(6) to enlarge the scope of building bye-laws in conformity with the provisions of Municipal Acts—amendments to section 186.

The general object of these clauses has been approved by the All-India Cantonments Association.

*Clause 64* (*a*) (*ii*).—Makes certain additions at the suggestion of the All-India Cantonment Association to the number of occupations, the carrying on of which requires a licence.

*Clause 67.*—See paragraph 1(4) of the Statement of Objects and Reasons.

*Clause 68.*—The amendment follows section 81 of the Punjab Municipal Act, 1911, to overcome the difficulty experienced in recovering dues from persons who have left the cantonment.

*Clause 72.*—See paragraph 1(1) of the Statement of Objects and Reasons. The omission of clause (*hh*) is consequential on clause 39.

*Clause 75.*—The amendment, which was proposed by the All-India Cantonments Association and is similar to section 311 of the Madras District Municipalities Act, 1920, is designed to obviate the practice obtaining in certain cantonments of charging copying fees for the supply of copies of regulations, bye-laws and rules.

*Clause 75.*—Although the administration of Cantonments will be a Federal subject under the new Constitution and it is therefore desirable, as explained in paragraph 2(*a*) of the Statement of Objects and Reasons, to allocate to the Central Government the majority of the duties and functions which are at present exercised by Local Governments, it will be constitutionally possible to delegate powers under the Act to the Provinces ; and this clause provides the necessary authority for such delegation.

*Clause 76.*—The number of appeals that lie to the General Officer Commanding-in-Chief, the Command, under the Act are so numerous that it is extremely difficult for that officer to find time to go into them all personally, in addition to his other and even more important military duties. In practice, the Officer Commanding-in-Chief, the Command, must rely to a considerable extent on the advice of the expert cantonment officer who is attached to his staff, and the amendment legalises such a practice.

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 10th May 1935.

### Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1934-35.

(*Note.*—On an average of the five years ending 1932-33, the area under linseed in Bengal has represented some 3·6 per cent., and that under rape and mustard 10·9 per cent. of the total area under these crops in British India.)

*Character of the season.*—In the second forecast, the weather was generally reported as favourable. Since then conditions improved in some districts. On the whole a satisfactory outturn was obtained for the province.

*Area sown.*—Oilseeds are chiefly grown in the Rajshahi, Dacca and Presidency divisions. In the other two divisions the cultivation is not extensive. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 892,100 acres this year as against 860,800 acres last year.

*Outturn.*—From the District Officers' estimates the provincial outturn of the different oilseed crops works out at 87 per cent. of the normal as against 83 per cent. last year.

Taking 7⅜ths maunds as the normal rate of yield per acre for linseed, 7⅞ths maunds for rape and mustard and 4¼ maunds for other oilseeds, the total yield of the crops for the province is estimated at 212,200 tons this year as against 194,000 tons last year.

*Director of Agriculture, Bengal (offg.).*

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 7th May 1935.

### Final Forecast of the Wheat Crop of Bengal, 1934-35.

[*Note.*—On an average of the five years ending 1932-33, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1932-33, averaged (*a*) 41·4 and (*b*) 10·8 per cent., respectively.]

*Character of the season.*—In the third forecast issued in April last, the weather was reviewed as having been generally favourable for the crop. Since then conditions remained practically unchanged except in the district of Dacca, where the outturn was reduced owing to drought.

*Acreage.*—According to District Officers' estimates, the total area sown is 154,700 acres this year as against 145,500 acres last year.

*Outturn.*—The provincial outturn as worked out from the district estimate, is 90 per cent. of the normal as against 76 per cent. last year. Taking the normal yield to be 10 maunds per acre, the gross yield of the crop for the province is estimated at 51,100 tons this year as against 40,600 tons last year.

At the end of April the wholesale price of wheat in the Calcutta mart was Rs. 3-4 per maund as against the same rate last year. The price of common rice on the other hand rose to Rs. 4-8 per maund or about 13 per cent. higher than last year.

DARJEELING, THE 29th APRIL 1935.

RESOLUTION.—No. 125T.R.

Read—

The report of the Board of Revenue on the administration of the Wards, Attached and Trust Estates in the Presidency of Bengal for the year 1340 B.S. (1933-34).

1. At the beginning of the year under report, the total number of estates under the management of the Court of Wards was 113. Sixteen new estates were brought under the charge of the Court and six estates were released during the year. The management of the estate of the Nawab Bahadur of Murshidabad also devolved upon the Board of Revenue under Act XXIII of 1933. Thus at the close of the year there were 124 estates under the charge of the Court.

2. The total current demand due to the estates on account of rent and cesses was Rs. 174·71 lakhs and arrear demand Rs. 291 43 lakhs. The total sum collected was Rs. 150·23 lakhs equal to 32·2 per cent. of the total demand or 85·9 per cent. of the current demand against 32·6 per cent. and 82·0 per cent. respectively in the preceding year. It is noticeable that collections were better in the paddy-growing divisions and districts than in those where jute is the principal money-producing crop. A substantial rise in the price of jute would probably give considerable relief to many estates under the Court's management.

3. The total amount of ascertained debts of the Court of Wards Estates in the Presidency at the close of the year stood at Rs. 3,24,86,969 against Rs. 2,86,65,578 in the preceding year. The increase is due to the assumption of charge of some new estates with heavy debts, to the discovery of fresh liabilities and to the addition of unpaid interest. The principal repaid or otherwise reduced was Rs. 9,76,220 and the interest paid or otherwise reduced was Rs. 12,63,543 as compared with Rs. 10,75,935 and Rs. 15,21,108, respectively, in the previous year.

4. The percentage of the cost of management of the wards estates in the whole Presidency on their current rent and cess demand showed a slight increase, being 9·7 against 9·4 in the previous year. Law expenses fell from Rs. 10·54 lakhs in 1932-33 to Rs. 8·78 lakhs.

5. The total sum spent during the year under the heads "Education and works of improvement by the estates" amounted to Rs. 5,66,397 against Rs. 5,79,935 in the preceding year. The decrease is due to poor collections in many estates.

6. The arrears of Government revenue due from the estates at the close of the year amounted to Rs. 25,56,083 as compared with Rs. 24,66,261. The increase is chiefly due to the financial condition of the Kasimbazar estate, in which the unpaid arrears of Government revenue amounted at the end of the year to Rs. 9,67,548 as compared with Rs. 6,44,812 at the end of 1932-33. The peculiar difficulties experienced by the Court of Wards in managing this estate were mentioned in the report for 1932-33, and are fully appreciated by Government.

7. The thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the estates under the management of the Court of Wards. He also notices with pleasure the work done by the Managers mentioned in the report.

## COMMUNIQUE.

Calcutta, the 17th May 1935.

By their notification No. 6199P. of 17th May 1935, published in the *Calcutta Gazette Extraordinary* of 17th May 1935, Government have prohibited the publication of any news relating to detenu day and allied subjects. Government realise that support may have been given to this movement by persons whose motives are purely humanitarian and who have no sympathy whatsoever with terrorism, and they are naturally reluctant to place any obstacle in the way of any genuine endeavour to relieve suffering or distress. At the same time it must be pointed out that Government have themselves undertaken an obligation to make such provisions for detenus and their dependants as seems to them reasonable and proper. This obligation is being carried out. Moreover, though the situation as regards terrorism has improved, the public should realise that this improvement is only kept up by the utmost vigilance on the part of those charged with the duty of maintaining public security and there have been numerous sharp reminders of the danger with which the situation is fraught, should that vigilance be relaxed. Public opinion has in general displayed a very welcome change in its attitude to this dangerous conspiracy. But the very fact that the situation has improved, and the very fact that there has been a steady growth of public opinion in opposition to terrorism, make it all the more necessary that the effect on the terrorist situation of any movement which excites wide and prominent interest in the detenus, who are detained because, and only because, of their connection with terrorism—established after an independent and most careful examination of the facts of the case—should be the subject of careful scrutiny on the part of Government whose duty it is to provide for the public safety. It is in these circumstances, and after the most careful weighing of the information at their disposal, that Government have come to the clear conclusion that any publicity given to the cause must inevitably stimulate and encourage the terrorists, and that any widely advertised expression of sympathy with them, however genuine may be the feelings by which it is prompted, must react unfavourably upon the efforts being made by Government, and in increasing measure by the people of Bengal, to eradicate this disease from the body politic. The struggle against terrorism in its present phase has been long and difficult, attended by danger and discomfort to the officers of Government and to the populace, and entailing great expenditure of public money. It would be a disaster were Government to permit the efforts of the last 5 years to be thrown away by failure to do what they are satisfied is their clear duty at the present juncture. They feel confident that all who are genuinely opposed to the terrorist movement will approve and support the action which they have thought fit to take, and will agree that, in the circumstances, it is not only justifiable but inevitable.
